Tome estos pasos para asegurarse de estar listo en caso de un desastre.

- Find out about special assistance that may be available in your community. Register with the office of emergency services or fire department for assistance, so needed help can be provided quickly in an emergency.
- Create a network of neighbors, relatives, friends and co-workers to aid you in an emergency. Discuss your needs and make sure they know how to operate necessary equipment.
- Discuss your needs with your employer.
- If you are mobility impaired and live or work in a high-rise building, have an escape chair.
- If you live in an apartment building, ask the management to mark accessible exits clearly and to make arrangements to help you evacuate the building.
- Keep extra wheelchair batteries, oxygen, catheters, medication, food for guide or hearing-ear dogs, or other items you might need. Also, keep a list of the type and serial numbers of medical devices you need.
- Those who are not disabled should learn who in their neighborhood or building is disabled so that they may assist them during emergencies.
- If you are a care-giver for a person with special needs, make sure you have a plan to communicate if an emergency occurs.

Investigue las organizaciones en su área que puedan asistirle en caso de una emergencia.
